

FAIL IN ONE WAY, GET HIM ANOTHER

That Is Alleged Attitude of Secretary Ballinger's Enemies.

CONSPIRACY INTIMATED

"Defense" in Famous Row Seeks to Show Part Pinchot Played.

Washington, April 23.—With the evident purpose of showing that there was a conspiracy between Gifford Pinchot, as chief forester, and certain of his subordinates to accomplish the removal of Secretary Ballinger, the "defense" in the Ballinger-Pinchot investigation to-day put on the stand Director George Otis Smith, of the Geological Survey, to relate a conversation he had last September with Acting Forester Price. Mr. Smith swore that Mr. Price had said to him that "we like you, but we don't like your chief." Smith said he intimated in reply that if he did not like Mr. Ballinger he would resign as director of the Geological Survey.

"Well, we know you are in an embarrassing position," said the witness, quoting Price, "but it won't last much longer. If we don't get him one way we'll get him another."

The "defense" regards this as an important disclosure, indicating that if Pinchot was unsuccessful in bringing about Ballinger's downfall by proving the Glavis charges he was prepared to attack him from another quarter.

Mr. Smith occupied the stand during the entire morning session with the exception of the first half-hour, during which C. C. Heltman, former chief of the mineral division of the Land Office, told how claims were clear listed. Mr. Smith's testimony dealt with the relations of his department to the forest service in conservation matters.

In order to accelerate the progress of the inquiry the committee decided to hold sessions on Thursday, Friday and Saturday of next week.

Production Curtailed.

Chicopee, Mass., April 23.—In order to meet unfavorable market conditions by curtailing production, the Chicopee Manufacturing Company, of Chicopee Falls, to-day went on a schedule of five days a week. The two corporations together employ 3,000 operatives.

DRINKING MORE BEER

Million Barrels More Consumed Than in March a Year Ago.

Washington, April 23.—Nearly a million more barrels of beer were consumed by the people of the United States last month than in March, 1909. This is shown by the statement of the internal revenue receipts for March, made public to-day. The total consumption of beer during the month amounted to 4,953,793 barrels—an equivalent amount of money being the barrel tax paid on fermented liquors.

MRS. HETTY GREEN TO QUIT BUSINESS

World's Richest and Shrewdest Woman Will Retire.

DAUGHTER HER SUCCESSOR

Mrs. Matthew Wilkes Will Take Over Enormous Fortune of \$50,000,000.

[Special to The Times-Dispatch.]

New York, April 23.—Mrs. Hetty Green, celebrated for years as the richest and shrewdest business woman in the world, will soon retire from active business life and will turn over the handling of her immense fortune, estimated at \$50,000,000, to her daughter, Sylvia, now Mrs. Matthew Astor Wilkes.

For months it has been rumored that Mrs. Green's health is failing, and the rumors have been partially substantiated during the last few weeks by the irregularity of the aged woman's visits to her office in the Chemical National Bank, and her feeble appearance when she does materialize there.

Among the few persons in close touch with Mrs. Green it is understood that for years she has been quietly training her daughter to successfully manage her immense fortune, and that since her daughter's marriage to Mr. Wilkes, with its accompanying possibility of an heir, this training has been accelerated.

It is reported that the transfer of the active control of Mrs. Green's millions to her daughter for management is only a question of a few weeks at most.

Hetty Green is seventy-three years old. Her age, coupled with her monotonous business routine, has begun to tell upon her. She no longer is able to put the snap and dash into the handling of her affairs that characterized her past, although her shrewdness, it is said, is as keen as ever. One of Mrs. Green's greatest disappointments in life, it is said, has been the non-inclination of her son, Edward H. R. Green, who lives in Texas, to become as famous a financier as herself. At one time she put \$20,000,000 into Southwestern railroads for her son, so that he might become a railroad magnate. The accumulation of wealth, however, is not a fact with Edward H. R. Green, who is content to live well and carry on efficient business at the same time to keep his mind occupied.

Sylvia, the daughter, takes more after her mother, and it is on this account that the control of her mother's enormous fortune will soon be turned over to her.

TO REMOVE INDIANS

Geronimo Tribe May Be Taken From Foot Hills.

Washington, D. C., April 23.—A proposal to remove the Geronimo band of Apache Indians from Fort Hill, Okla., where they are now held as prisoners of war by the government, to some Indian reservation in either Arizona or New Mexico was embodied in a joint resolution introduced today by Representative Stephens, Democrat, of Texas. The resolution would allow each member of the band 160 acres, to be selected from the public lands of the United States. Fifty thousand dollars is appropriated under the terms of the resolution to accomplish its objects.

CHARGED WITH MAKING FALSE ENTRIES IN BANK

Grand Jury Will Investigate Accusation Against Former Wytheville President.

[Special to The Times-Dispatch.] Asheville, N. C., April 23.—At the next term of the Superior Court of Madison county, which convenes at Marshall within the next two months, George B. Naff, a former resident of Wytheville, Va., and prominently connected in that State with the charge of making false entries in the books of the Bank of Hot Springs, Hot Springs, N. C. Naff came to Hot Springs some years

ago and organized the above mentioned bank, of which he was cashier.

He left the bank on account of business difficulties with other officials. The charges grew out of a recent suit against the bank by the City National Bank of Johnson City, Tenn., for the recovery of \$1,800, alleged to have been due the latter institution, and upon the investigation it is alleged that a number of reported false entries are found to have been made by the former cashier.

Naff is a son of a prominent minister in the Virginia Methodist Conference, and is about thirty-two years of age. He claims that there is nothing in the charges.

GUILTY OF MURDER.

BANKROLL HOLDER HELD FOR HEARING

Jos. H. Gatins Must Answer to Charge of Running Bucket Shop.

GIVES \$5,000 CASH BAIL

Last of Men Rounded Up on Indictments of Federal Jury.

New York, April 23.—Joseph H. Gatins, whom the Federal authorities credit with being the man with the bank roll behind the firm of William B. Price & Co., of Baltimore, produced \$5,000 in bills when he was arraigned before United States Commissioner Shields to-day, and was held in that amount for examination. Gatins is reputed both here and in the South, where he has been a prominent figure, to be worth something like \$10,000,000. The charge against him to-day was that of operating a bucket-shop in Washington, D. C. W. B. Price & Co. had an office there when the Federal grand jury recently found indictments against twenty-nine men alleged to be engaged in bucket-shop operations, and closed down the Price offices in various cities, together with those of E. S. Berkes & Co., with headquarters in this city, on the charge that these concerned were bucket-shops.

Gatins, the last of the men indicted to be rounded up, appeared to take his apprehension to heart and was decidedly agitated during the examination. He pleaded not guilty when the commissioner held him for examination on May 9.

Gatins' name does not appear on the books of W. B. Price and Company, but in the complaint on which he was arraigned to-day he was charged specifically with having, on June 15, 1909, engaged in a conspiracy with Virgil P. Randolph, Wm. B. Price and Edward Everett Taylor to operate a bucket-shop in Washington, in violation of the Federal act of March 1, 1909, prohibiting the running of such concerns in the District of Columbia.

Gatins, who has a wife and grown children, spent most of his time in New York in recent years. He is reputed to have connected with a Stock Exchange brokerage house.

MAY BE RE-ARRESTED

Wickersham Has Enough Evidence to Convict Alleged Revolutionists.

Washington, D. C., April 23.—Declaring that there is enough evidence to convict the alleged Mexican revolution promoters on the remaining indictments against them when they regain their freedom from the Florence, Ariz., prison, Attorney-General Wickersham today reported to Congress on the history of the case.

The men are Antonio L. Villarreal, R. Flores Magón and Liberado Riverado, who will finish on August 3, their imprisonment for violation of the neutrality laws. The Attorney-General says they will regain freedom on that date, unless the government decides to try the remaining indictments found against them in Western Texas, charging conspiracy to create a revolution and the procuring of arms and ammunition.

LAND TITLES UPSET.

Court Decision May Affect Part of Geo. Vanderbilt's Holdings.

[Special to The Times-Dispatch.] Asheville, N. C., April 23.—A decision rendered in favor of the defendant in the case of the Brevard Land and Timber Company against J. E. Kinland, in the Superior Court at Brevard, upset the famous "Meigs and Freeman line," according to which

Indigestion Remedy Free

To any victim of indigestion the offer is made that if he or she will send name and address, a free sample of a remedy that is daily curing indigestion will be sent. This remedy is Dr. Caldwell's Syrup Pepsin. Instead of taking the advice of your friends, or using lozenges, peppermints and such things, write for this free sample and see what that will do for you. There is no remedy that has been more successful in the cure of indigestion, sick headache, heartburn, etc., than this grand laxative tonic, because instead of being simply a breath perfume it goes to the root of the trouble, which is poor bowel movement, and cures that. Once the bowels are relieved the stomach has a better chance to do its work. Thousands in the past have accepted the offer of a free sample and later became steady users of Syrup Pepsin. All that Dr. Caldwell desires is that you allow him to prove to you, at his own expense, that his remedy will do as claimed. When you have used the sample and are convinced, you can buy a further supply of your druggist at fifty cents and one dollar a bottle, just as others are doing who once sent for a free sample. You will learn to abandon "dyspepsia cures" for indigestion and cathartic pills and salts for constipation, for Dr. Caldwell's Syrup Pepsin is a permanent cure, while these are but temporary reliefs. Here is a mild, pleasant, non-gripping remedy that can be given to a child with perfect safety. In fact, it is especially adapted to children's ills. Read the many letters of recommendation that users have written for Syrup Pepsin, then try it yourself, and you will see that these claims are justified. Thousands of the best American families have Dr. Caldwell's Syrup Pepsin constantly in the house.

titles to thousands of acres of land in the Western part of the State, held for many years under grants of the Cherokee Indian lands by the State prior to 1835.

If the decision is sustained a large tract of the Biltmore estate, owned by George W. Vanderbilt, will be affected by it.

When a search of the titles was made, it was found that all old surveys and old records had been destroyed in the department at Washington. The conflicting titles of the lands grew out of the gradual encroachment of the white men upon the lands of the Indians, which were pushed towards the West. The case brought out several interesting points of history of the Western part of the State.

Two officers were engaged in the capture, and the coroner's jury which investigated the affair exonerated the one said to be responsible for the killing.

Meekins, of Sharps, and L. J. Brann, of Ivonide. The former's body was blown to pieces, and has not been recovered. The explosion was caused by Meekins lighting a match to discover a leak in the gasoline tank.
